ATTACHMENT A
Plan of Work
Pacific County
and its agent Pacific County Noxious Weed Control Board
Spartina Survey and Eradication
July 1, 2015 to June 30, 2017

Spartina is an extremely damaging biological invader with the potential to harm the ecosystems and economies of our state's estuarine waters. Pacific County is an important partner in the fight to eradicate Spartina from Washington's shores. This agreement outlines services that Pacific County and its agent, the Pacific County Noxious Weed Control Board, are to perform to assist the coordinated Spartina eradication effort.

County Spartina Control Crew Criteria:

Pacific County through its agent, Pacific County Noxious Weed Control Board will, conduct control work on the Spartina infestations within Willapa Bay, Pacific County, Washington during the 2015 and 2016 control seasons. Control efforts will be focused on maintaining control on previously controlled areas, preventing seed set and possible spread to adjacent areas, and surveying for and eradicating new infestations where found. These efforts will build upon the work conducted by the county under previous agreements with WSDA.

Minimum work specifications: A weed survey and eradication crew and a supervisor will be hired to eradicate Spartina infestations within Pacific County. Pacific County Spartina control efforts will use an integrated weed management approach, which incorporates where appropriate: manual, mechanical and herbicide application techniques. Applications of herbicide are limited to products with appropriate labels that are covered under the Aquatic Noxious Weed Control National Pollutant Discharge Elimination System (NPDES) General Permit.

All control methods will be employed consistent with the laws, rules and regulations of Washington State and Pacific County, the *Noxious Emergent Plant Management Environmental Impact Statement* (EIS) first published in November 1993, and all subsequent amendments to the EIS.

Pacific County, or subcontractors to Pacific County, must enter into a contract with WSDA under which Pacific County, or subcontractors to Pacific County, act as limited agents to carry out noxious and quarantine weed control for WSDA under the "Aquatic Noxious Weed Control National Pollutant Discharge Elimination System Waste Discharge General Permit" (NPDES permit) prior to the performance of any activity pursuant to this agreement that discharges herbicides directly into streams or rivers, or indirectly into streams, rivers, estuaries, wetlands, along lake shorelines, or in other wet areas. Herbicide treatments may only occur at times allowed under provisions of the NPDES permit and must comply with conditions specified in such permit.

The County Spartina Control Supervisor and crew will work closely with the County Noxious Weed Coordinator and the WSDA Spartina Coordinator, and be active in the field from July 1, 2015 to October 31, 2015; and June 1, 2016 to October 31, 2016.

Expenditures:

The funds provided for the county Spartina control crew will primarily go towards salaries and benefits for the crew members, equipment and supply purchases, repair and maintenance. The funds will not fund any overhead costs including maps, computer programs, or other costs unless the expenditure is specifically authorized in writing by WSDA.

Coordination:

The Pacific County Spartina Survey and Eradication Program will be coordinated with state, local and private control efforts. Permission will be obtained prior to conducting eradication activities on private lands.

Deliverables:

The Pacific County Noxious Weed Coordinator will submit one written report to the WSDA Agreement administrator each fiscal year, documenting the work conducted in Willapa Bay. The first report is due December 1, 2015 and the second is due December 1, 2016. Reports will include the following for each site: date(s) of control and survey activities, the type of control and survey conducted, difficulties encountered, results of the control and survey efforts, maps and photo documentation of sites treated and surveyed, and iForm GPS data for all plants located and treated by the survey. Additionally all survey laps will be documented utilizing ESRI Collector. Final payment for each fiscal year under this Agreement will not be made until the report and all required data is accepted by WSDA.

These deliverables are separate from and in addition to any reporting requirements associated with limited agent status under WSDA's coverage under the Aquatic Noxious Weed Control NPDES General Permit.

Equipment:

The knotweed control crew will use all available tools for control, including manual controls and herbicide applications, to control knotweed infestations in Pacific County. The control crew may use equipment provided by other agencies, provided the county noxious weed coordinator and the WSDA Knotweed Control Coordinator agree to the usage of the equipment and materials.
