INSTRUCTIONS FOR APPLICANTS

Applicants requesting use of County right of way must apply through the Pacific County Office of Public Works.

Such applications shall be accompanied by drawings, or statements describing improvement. Drawings shall be to a working scale, showing position and location of work, names or numbers and width of roads, streets, etc., showing their location in plats, or subdivisions of sections, township and range, showing the relative position of such work to existing utilities, constructed, laid, installed or erected upon such roads, streets or public places.

Applicants shall meet with provisions of the County Utility Accommodation Policy (WAC 136-40). Traffic control in the vicinity of the work shall conform to provisions of "The Manual on Uniform Traffic Control Devices for Streets and Highways". The improvement or utility must comply with the state clearzone policy. The applicant must obtain any environmental protection permits relative to the project and must comply with state laws during construction.

PERMIT CONDITIONS

1. The location, type of work, materials and equipment used, manner of erection or construction, safeguarding of public traffic during work or after doing same, mode of operation and manner of maintenance of project petitioned for, shall be approved by a representative of Public Works prior to start of work and shall be subject to the inspection of the representative to assure compliance with the terms of this permit.
2. If the permittee has not completed the described work as shown on the front of this form the permittee shall request an extension of permit time.
3. The permittee shall restore all roads, streets, alleys, public places, or structures to a status that is equal or better than original condition. If the County Engineer must accomplish work considered necessary to restore to a safe condition any facility on County right of way which is in a condition dangerous to life or property resulting from the permittees facility or its installation as permitted herein, and upon demand the permittee shall pay to the County all costs for such work and material.
4. If at any time the County chooses to improve or repair a road, or structure and find a conflict with the permittees improvement, the permittee upon written notice by the County representative shall, within 30 days and at his own expense, relocate such installations to accommodate the plans of work contemplated by the County. If within 30 days the permittee fails to relocate any portion or all of the project as granted under this permit, the County, or representatives may do such work and all costs to remove or reconstruct same, shall be born by the permittee.
5. All reconstruction or relocation by the permittee shall be done in a manner that will cause the least interference with any of the County s work and shall be subject to the same provisions which control an original installation. The County shall in no wise be held liable for damage to the permittee by reason of such work by the County, its agents or representatives, or by the exercise of rights by the County upon roads or structures in question.
6. This permit shall not be deemed exclusive nor prohibit the County from granting permits to other public or private utilities, nor shall it prevent the County from using any of its roads, or structures for any and all public use, or affect its jurisdiction over all or any part of them.
7. The Board of County Commissioners may at any time, amend, the permit conditions to conform to state statute or county regulation pertaining to the public, safety, or highway regulations as enacted. The Board may terminate this permit if grantee fails to comply with any such changes.
8. The County Engineer may revoke, this permit if permittee fails to comply with the conditions listed.
9. Petitioner by accepting this permit agrees to notify and check for conditions within Pacific County shorelines and with all utilities regarding their installation before commencing work, together with adjacent private property owners when such property is liable to injury or damage through the performance of such work, and the applicant shall make all necessary arrangements relative to the protection of such property and/or utilities.
10. In accepting this permit the petitioner, his successors and assigns agrees to protect and save harmless the County from all claims, actions or damages of every kind and description, including costs of suit and reasonable attorney fees, including all appeals, which may accrue to or be suffered by any person or persons, corporation or property by reason of the performance of any such work, character of materials used or manner of installation, maintenance and operation or by the improper occupancy of rights of way or public place or public structure, and in case any such suit or action is brought against said County for damages arising out of or by reason of any of the above causes, the petitioner, his successors or assigns will upon notice to him or them or commencement of such action defend the same at his or their sole cost and expense, including reasonable attorney fees, including all appeals, and will fully satisfy any judgment after the said suit or action shall have finally been determined if adversely to the County.
